

Experience the perfect blend of durability, exceptional sound performance, and flexible installation with our water-proof wall loudspeaker HYB158 series. Designed for both residential and commercial environments, this sleek and space-saving speaker seamlessly integrates into any wall, delivering crystal-clear audio while adding an elegant touch to your space. Built to withstand water exposure and constructed with high-quality materials, this speaker offers reliability and longevity.

Key Features:-

- * 4" woofer with woven PP cone.
 - * 0.5" Dome Tweeter
 - * 120 Peak Watt power handling in direct 8Ω setting, plus built-in 20 Watt 70V/100V multi-tap transformer.
 - * Sensitivity (1W/1m): 84dB
 - * Maximum SPL (1m) 99 dB ave.
 - * Frequency Response: 100Hz-20KHz
 - * Coverage Angle 120°H x 120°V
 - * Material: ABS
 - * Waterproof Rating: IPX55
 - * Net Weight: 1.246kg
-
- * Color: white or black
 - * Dimensions (H*W*D): 140 x 200 x 135 mm ; 4-Pin press terminal Block bracket, can be installed at any position .

Drivers:

LF: 4 in, Polypropylene cone with pure butyl rubber surround with Weather-Edge frame protection, high-temp PP voice coil former, high-temp voice coil wire, optimized cone geometry, linear suspension spider, and FEA optimized motor structure.

HF: 0.5 in, Dome Tweeter, low-viscosity ferro-magnetic fluid, and lightweight voice coil former.

Enclosure:

High Impact Polystyrene (HIPS), painted with highly-UV resistant paint on white (-WH) version for maximum UV fade resistance.

Grille:

Aluminium Grill, finished in durable TGIC polyester powdercoating. Available with Weather protection multi-layer foam and tight-weave mesh vapor barrier backing.

Outdoor Capability:

IPX55 per IEC529 Weather protection grille, Exceeds for humidity, salt-spray, temperature & UV. Weather protection grille for breaking up driving rain and for especially difficult environments.

Whats in the Box :-

- 1 x Loudspeaker
- 1 x Quick Start Guide
- 1 x Wall Mount Bracket
