

The RP-115A leverages more than 15 years of REPEET speaker innovation to deliver superior frequency response, sound pressure levels and sheer power. Inside, a powerful 15" speaker with 3" voicecoil delivers frequency coverage from 40Hz – 18kHz; a high-efficiency amp helps protect the speaker and driver while ensuring top-level acoustic performance. Selectable frequency crossover points smooth out system response, especially when used with RP-118A Series Subwoofer; a tuned port reduces woofer noise.

### Key Features:-

Model Name	RP-115A
Amplifier	Class-D
Frequency Range (-10dB)	40Hz – 18kHz
Max SPL	132dB
Output Power	2000w Peak/ 700w RMS
HF	2" titanium
LF	15" cone 3" V C 80oz
Inputs	XLR&6.35mm combo 3.5mm AUX
Output	XLR
Weight	27kg
Dimension (WxDxH)	44x43.5x71cm

### Features:

- \* The system's portability, superior audio functionality, and ergonomic design are the core elements that set it apart.
- \* MODULAR & PORTABLE DESIGN : A flexible, portable sound solution that is easy to transport and set up, ideal for a wide range of events and venues.
- \* CLASS D AMPLIFIER : Delivers robust audi performance with a high-power DSP-enhanced Class D amplifier, ensuring exceptional sound quality for performances of all sizes.
- \* TWS CONNECTION : By combining Bluetooth with TWS (True Wireless Stereo) technology, this system enables seamless wireless audio streaming, making connections more convenient.
- MDF BOARD : Durable MDF wood enclosure ensures long-lasting performance, providing robust protection and superior sound quality in most environment.

### What's in the Box :-

- 1 x Speaker
- 1 x Quick Start Guide
- 1 x Power Cord
