

The RP-118A leverages more than 15 years of REPEET speaker innovation to deliver superior frequency response, sound pressure levels and sheer power. Inside, a powerful Single 18" woofer with 4" voicecoil delivers low-frequency coverage down to 30 Hz; a high-efficiency amp helps protect the woofer and driver while ensuring top-level acoustic performance. Selectable crossover points smooth out system response, especially when used with RP Series loudspeakers; a tuned port reduces woofer noise.

### Key Features:-

Model Name	RP-118A
Amplifier	Class-D
Frequency Range (-10dB)	30Hz–140Hz
Max SPL	132dB
Output Power	4400W PEAK/ 1100W RMS
LF	Single 18", 4" VC 125oz
Input	XLR & 6.35mm combo
Output	XLR
Material	MDF 18MM
Portable	Castor Wheels for easy transportation
Weight	47.3 kg
Dimension (WxDxH)	67x51x64cm

### Features:

- \* CRYSTAL-CLEAR SOUND : 132dB Max. SPL, Ideal for live events, outdoor concerts, and professional setups where power meets precision.
- \* HIGHLY EXPANDABLE : Expandable to fit different scenarios, offering versatile configurations for a wide range of events and applications.
- \* CONVENIENT HANDLE DESIGN : The ergonomic handle design ensures easier transport and setup.
- \* MDF BOARD : Durable MDF wood enclosure ensures long-lasting performance, providing robust protection and superior sound quality in most environments.

### What's in the Box :-

- 1 x Subwoofer
- 1 x Quick Start Guide
- 1 x Power Cord
